Subject: RE: [EXT] Whiting Oil and Gas - Carlson Fed A 2 TB - Revised Remediation Plan

Mr. Taylor,

The OCD has reviewed the revised remediation plan for the Carlson Fed A 2 TB site (1RP-5525). The plan as written is acceptable to the OCD and permission is granted to proceed with the proposed remediation activities. The Division will expect a closure report on, or before October 6, 2019.

Regards,

Dylan Rose-Coss

Subject: [EXT] Whiting Oil and Gas - Carlson Fed A 2 TB - Revised Remediation Plan

Afternoon Dylan,

Attached is the revised remediation plan with the information the OCD requested regarding the stockpile remediation process. The chemical data was hard to come by due to the manufacturer calling the ingredients list proprietary information. A product information sheet is included in the report for each product and I've also attached the SDS for each product. Please let us know your thoughts after you've had time to review.

Thank You & Have a Happy 4th of July
