Ms. Grant,

The NMOCD has reviewed and accepts the closure report for the Becknell State Com 003H Battery DOR 8/15/2018 (1RP-5166). Please inform the division once reclamation has occurred.

Note:

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Thanks,

Dylan Rose-Coss

Mr. Rose-Coss,

Please find the attached Closure Report for the above referenced site submitted on October 29, 2018, December 27th, 2018, February 20, 2019, April 18, 2019 and June 17, 2019. We have not received a response for the submitted Closure Report. This closure report was written before the NMOCD decided to have the reclamation activities as a part of the closure requirements. All of the samples collected were below the Table 1 closure criteria and thus no remediation is required at the site. Once approved, we will proceed with the reclamation and submit the confirmation data for your files. Let know if you need addition information.

Thank You,

DeAnn Grant
