Hi,

I have it. I took the liberty of adding a minus sign to the Longitude in both locations on the revised form C-147. Please keep this note for your files.

Thanks.

Bradford

Good morning, Susan!

Apologies for that. Please see attached for the updated C147 for the BEU DI 5. If you need additional information, please don't hesitate to let me know!

Thank you again and I'm sorry for the inconvenience!

Stephanie,

We found two issues in the C-147 form in our initial review.

The top portion of Form C-147 needs to be completed with the appropriate boxes checked for a recycling facility, recycling containment, permit, and registration.

Recycling Facility and/or Recycling Containment

Type of Facility: ☐ Recycling Facility

☐ Recycling Containment*

Type of action: ☐ Permit
☐ Modification
☐ Closure

☐ Registration
☐ Extension
☐ Other (explain) _____

* At the time C-147 is submitted to the division for a Recycling Containment, a copy shall be provided to the surface owner.

Be advised that approval of this request does not relieve the operator of liability should operations result in pollution of surface water, ground water or the environment. Nor does approval relieve the operator of its responsibility to comply with any other applicable governmental authority's rules, regulations or ordinances.

The latitude for both the recycling facility and the recycling containment location should have a negative sign (-).

☒ **Recycling Facility:**

Location of recycling facility (if applicable): Latitude 32°32'53.46"N Longitude 103°51'32.20

Please make those corrections and email back to me and Bradford.

Thanks.
Susan

Stephanie,

I was able to successfully download the C-147 BEU DI 5 Recycling Containment/Facility file. Due to the short timeframe between now and the proposed start date, Bradford Billings has started reviewing this file.

Thank you for resending the file.

Regards,
Susan
