1/11/2002

Mr. Ken Marsh
Controlled Recovery Incorporated
P.O. Box 388
Hobbs New Mexico 88241

Mr. Marsh

While reviewing waste disposal manifests from last year, Conoco determined that shipments from the Bootleg Compressor Station to your facility were incorrectly manifested from January through August 2001. The manifests indicated that the shipments originated from a non-exempt tank. However, the wastes shipped to your facility originated from an exempt tank that contains glycol dehydration wastes.

Following are the dates and amounts of the shipments that were incorrectly manifested:

Conoco Manifest # 63967 - CRI ticket # 36149 dated 7/23/01
Conoco Manifest # 64194 - CRI ticket # 36456 dated 8/20/01
Conoco Manifest # 64195 - CRI ticket # 36280 dated 8/3/01
Conoco Manifest # 63968 - CRI ticket # 36053 dated 7/14/01
Conoco Manifest # 63966 - CRI ticket # 36095 dated 7/3/01
Conoco Manifest # 63011 - CRI ticket # 35770 dated 6/20/01
Conoco Manifest # 64013 - CRI ticket # 35627 dated 6/9/01
Conoco Manifest # 63970 - CRI ticket # 35168 dated 5/4/01
Conoco Manifest # 64002 - CRI ticket # 34992 dated 4/24/01
Conoco Manifest # 63964 - CRI ticket # 33910 dated 3/9/01
Conoco Manifest # 63963 - CRI ticket # 33350 dated 1/11/01

Conoco Manifest # 63969 - CRI Production water #034308 was partially manifested incorrectly by Conoco personnel but received correctly by CRI personnel

Please revise your records to reflect that these shipments were comprised of exempt waste. There were no shipments of non-exempt waste from the Bootleg Compressor Station to your facility in 2001.

Sincerely,

Mark Bishop
