Reference: **Application for a Renewable five (5) year, Hydrostatic Test Water Discharge Permit**

Dear Ms. Kieling:

El Paso Natural Gas Company (EPNG), a subsidiary company of El Paso Corporation is requesting a permit to discharge hydrostatic test water from new pipe under 100,000 gallons for EPNG projects conducted within New Mexico. The request is for a blanket type renewable five (5) year permit with an annual report summarizing all tests of new pipe. A check in the amount of \$100.00 (check no. 07495721) is enclosed to cover the appropriate application fees.

As stated in my e-mail to you, David Bays/El Paso Field Services has requested that El Paso Natural Gas Company obtain its own permit now that Field Services has spun off into a separate company from El Paso. In the past, both El Paso Natural Gas and El Paso Field Service used HBP NM 002 permit for reporting hydro-test water discharges.

Should you have questions or need additional information, please call me at 915.587.3638 or e-mail me at osias.uribe@elpaso.com.

Sincerely,

EL PASO NATURAL GAS COMPANY

Subject: Hydrostatic Test Water Discharge Permit - El Paso Natural Gas Company

Good morning Martyne,

Third e-mail attempt!

This is in response to David Bays/El Paso Field Services (which has spun off into a separate subsidiary company from El Paso) request for El Paso Natural Gas Company to obtain its own application for a Hydrostatic Test Water Discharge Permit.

I am requesting information on how to apply for this permit on behalf of El Paso Natural Gas Company.

Your response is greatly appreciated.

Thank you,
Oz
