Santa Fe, NM 87504

Subject: **Approval to Discharge Hydrostatic Test Water From New Pipe Into Pipeline Ditch in Doña Ana County, New Mexico**

Dear Mr. Anderson:

El Paso Natural Gas Company (EPNG) plans to conduct hydrostatic tests on a section of pipeline (No. 1004) near Anthony, New Mexico. After the pressure test with fresh water, EPNG plans to dewater the pipeline into the partially backfilled excavation ditch to allow for safe settling of the pipe.

new

Other than the requested method of disposal, the above proposal will meet all required NMOCD conditions for the discharge of hydrostatic test water.

EPNG is seeking NMOCD approval to proceed as described above and provides the following additional information relevant to the location in question:

LINE NO.	VOLUME (Gallons)	PIPE LENGTH (Feet)	SECTION	TOWNSHIP	RANGE
1104	110,000	17,919	2, 25, 26, 27, 28, 29, 30, 32	26-S	4-E

The source of fresh water will be the City of Anthony, New Mexico.

If additional information is required, please contact me at 915/541-2164.

Sincerely,
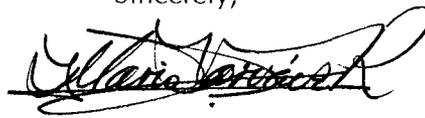

Joe M. Narváez, P.E.
