Dear Mr. Bunch and Mr. Henard:

The New Mexico Oil Conservation Division (NMOCD) has received RESPEC's "Phase I and Phase II Environmental Site Assessment and Site Restoration Report" for the Runco Acidizing and Fracturing Company site, in Jal, New Mexico, dated October 22, 2004.

In part 10.0 (page 16) of the report, a recommendation is made concerning the site, i.e., that a no further action (NFA) status be granted for this location. This recommendation is accepted and NFA status is approved based upon RESPEC's conclusions, also in part 10.0 of subject report.

The NMOCD thanks the employees of RESPEC who have contributed to the success of this particular project, which is now deemed complete.

Any further correspondence concerning this site should be addressed to me at the above address or via email at [emartin@state.nm.us](mailto:emartin@state.nm.us)
