~~OCD hereby approves closure of this site with no further actions required.~~

Please be advised that NMOCD approval of this plan does not relieve (Dynegy) of responsibility should their operations fail to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD approval does not relieve (Dynegy) of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Subject: Dynegy Midstream Services, L.P., OCD Case # 1R0451

Dear Mr. Price,

With regard to your following email pertaining to closure of various Dynegy spill sites, I will be sending the requested photos and Lat/Long readings for each site in a separate email.

Attached to this email are photographs of Site #64 - Hinton "14" #8.
Latitude = N 32 degrees, 24.313'
Longitude = W 103 degrees, 06.957'

Backfilling will begin at the following sites on Monday, August 15, 2005. Photographs and Lat/Longs will be sent to you immediately upon completion.

Site #2 (OCD Case # 1R0443)
Site #5 (OCD Case # 1R0444)
Site #20 (OCD Case # 1R0448)

Per your request, a sample will be collected at Site #55 (at approximately 4-5' below the bottom of the hole) on August 10, 2005, and analyzed by PID and TPH. Results will be submitted to you immediately upon receipt by this office.

Please give me call or email if you have any further questions.

Thank you,

Cindy K. Crain, P.G.
