Mr. J. Moll  
1900 East Blanco  
Highway 64  
Bloomfield, N.M. 87413

Dear Mr. Moll:

Enclosed are copies of the orders and bonding requirements we discussed during our visit on June 4, 1986. Also included are the results of the analysis of the produced water from your unlined pit at the KOA Campground site.

The cash bonds and collateral deposits are for specific amounts based on well depth and are not determined on an actual estimate of plugging costs. These forms are also included.

Please feel free to contact me at (505) 827-5885 or the Aztec District Office at (505) 334-6178, if further complications are encountered. The Aztec office has regulating jurisdiction of your well.

Sincerely,

  
ROGER C. ANDERSON  
Environmental Engineer
