REPORTS

DATE:

July 1996

August 20, 1996

Mr. Bill Olson
New Mexico Oil Conservation Division
2040 South Pacheco Street
Santa Fe, New Mexico 87505

RECEIVED

AUG 20 1996

Environmental Bureau
Oil Conservation Division

RE: Production Pit Closure Submittal

Dear Mr. Olson:

Enclosed herein are data packages for work completed at El Paso Field Services (EPFS) production pit locations where shallow groundwater was encountered during closure operations. The data included within indicate that these sites merit closure per the New Mexico Oil Conservation Division's (NMOCD) Vulnerable Area Orders and EPFS's closure plan submitted to the NMOCD. In front of each data package is a site specific checklist that indicates the work completed at each location. Each checklist is followed by a short summary of the activities and results of data collected to support closure.

Sincerely,

El Paso Field Services

Sandra Miller
Senior Environmental Manager

**2C-22 #3 Line Drip
Identification Code LD104**

Pit was excavated to 12 feet beneath ground surface. The headspace soil reading from excavation bottom was 423 parts per million. Soil analytical were as follows; benzene - 4.9 mg/kg, total BTEX - 610 mg/kg, TPH - 3840 mg/kg.

One soil boring was completed and no monitoring well was installed. Groundwater was encountered at 14 feet.

The pit was re-excavated to 21 feet beneath ground surface. A headspace soil reading was as follows: pit bottom- 425 ppm. Soil analytical were as follows; benzene - <0.5 mg/kg, total BTEX - 77.1 mg/kg, TPH - 862 mg/kg. Groundwater was encountered at 18 feet. A groundwater sample was collected from the excavation and laboratory analytical results indicated benzene - 75.5 ug/L, toluene - 1510 ug/L, ethylbenzene - 155 ug/L, xylenes - 4100 ug/L. Called NMOCD and got Denny Foutz's permission to close pit.

A RECON® survey was conducted and three groundwater samples were collected on the assumed downgradient side of the pit. The samples were collected and analyzed using a laboratory-grade gas chromatograph by Philip Environmental's RECON® System. The results were as follows: probe hole (PH) -01, benzene - <1 ug/L, toluene - 5 ug/L, ethylbenzene - 1 ug/L, xylenes - 11 ug/L. PH-02, benzene - <1 ug/L, toluene - 4 ug/L, ethylbenzene - <1 ug/L, xylenes - 10 ug/L. PH-03, , benzene - <1 ug/L, toluene - 4 ug/L, ethylbenzene <1 ug/L, xylenes - 7 ug/L.

Signature of Consignor: _____

Where the applicable tariff provisions specify a limitation of the carrier's liability, NMFCA item 172, if there is no release or value declaration by the shipper, the shipper does not declare a value or release the carrier's liability, that liability shall be limited to the extent provided by NMFCA item 172.

RECEIVED, subject to the classifications and lawfully filed tariffs in effect on the date of issue of this Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of packages unknown), marked, consigned, and destinated as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed as to each carrier of all or any of said property over all or any portion of said route to destination and as to each party at any time interested in all or any said property, that every service to be performed hereunder shall be subject to all the bill of lading terms and conditions in the governing classification on the date of shipment.

This is to certify that the above-named materials are properly classified, described, packaged, marked and labeled and are in proper condition for transportation according to the applicable regulations of the Department of Transportation.

Subject to Section 7 of the conditions, this shipment is to be delivered to the consignee without recourse on the consignee. The consignee shall sign the following statement: The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges. (Signature of Consignee)	Where the applicable law provides, specify a limitation of the carrier's liability. If the law does not provide a limitation, state the applicable law. If there is no release or value declaration by the shipper, and the shipper does not declare a value or release the carrier's liability, then liability shall be limited to the extent provided by NACLC item 112. California interstate shipments must comply with NACLC item 112.

NOTE: Where the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property. The agreed or declared value of the property is hereby specifically stated by the shipper to be not exceeding \$ Per

Subject to Section 7 of the conditions, if this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement:
The carrier shall make delivery of this shipment without payment of freight and all other landli charges.

Where the applicable tariff provisions specify a limitation of the carrier's liability NMFC item 1721, if there is no release or value declaration by the shipper, and the shipper does not declare a value or release the carrier's liability, that liability shall be limited to the extent provided by NMFC item 1722. California airfreight shipments must comply with NMFC item 1721.

This is to certify that the above-named materials are properly labeled and are in proper condition for transportation.

RECEIVED: Subject to the classifications and liability filed tariffs in effect on the date of issue of this Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and delivered as indicated above, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property) has received from the shipper and is hereby acknowledged by the carrier to be the property of the shipper, and the carrier is mutually agreed as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any said property, that every service to be performed hereunder shall be subject to all the bill of lading terms and conditions in the governing classification on the date of shipment. Shipper hereby certifies that he is familiar with all the bill of lading terms and conditions in the governing classification and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

This is to certify that the above named material is properly classified, described, packaged, marked and labeled and are in proper condition for transportation according to the applicable regulations of the Department of Transportation.
