REPORTS

DATE:

July 1996

August 20, 1996

Mr. Bill Olson
New Mexico Oil Conservation Division
2040 South Pacheco Street
Santa Fe, New Mexico 87505

RECEIVED

AUG 20 1996

Environmental Bureau
Oil Conservation Division

RE: Production Pit Closure Submittal

Dear Mr. Olson:

Enclosed herein are data packages for work completed at El Paso Field Services (EPFS) production pit locations where shallow groundwater was encountered during closure operations. The data included within indicate that these sites merit closure per the New Mexico Oil Conservation Division's (NMOCD) Vulnerable Area Orders and EPFS's closure plan submitted to the NMOCD. In front of each data package is a site specific checklist that indicates the work completed at each location. Each checklist is followed by a short summary of the activities and results of data collected to support closure.

Sincerely,

El Paso Field Services

Sandra Miller
Senior Environmental Manager

Trunk D Line Drip (Loop D-8)
Identification Code LD015

Pit was excavated to 12 feet beneath ground surface. The headspace soil reading from excavation bottom was 312 parts per million. Soil analytical were as follows; benzene - <0.5 mg/kg, total BTEX - 14 mg/kg, TPH - 172 mg/kg.

One soil boring was completed with no monitoring well installed, due to groundwater being less than 20 feet below ground surface. One soil sample was collected with the analytical results as follows; benzene - <0.5 mg/kg, total BTEX - <3 mg/kg, TPH - <10mg/kg.

The pit was re-excavated to 19 feet beneath ground surface. A headspace soil reading was as follows: pit bottom- 3 ppm. Soil analytical were as follows; benzene - <0.5 mg/kg, total BTEX - 3 mg/kg, TPH - 10 mg/kg. Groundwater was encountered at 17.5 feet. A groundwater sample was collected from the excavation and laboratory analytical results indicated benzene - 279 ug/L, toluene - 827 ug/L, ethylbenzene - 218 ug/L, xylenes - 2590 ug/L.

A RECON® survey was conducted and three groundwater samples were collected on the assumed downgradient side of the pit. The samples were collected and analyzed using a laboratory-grade gas chromatograph, by Philip Environmental's RECON® System. The results were as follows: probe hole (PH) -01, benzene - <1 ug/L, toluene - 3 ug/L, ethylbenzene - <1 ug/L, xylenes - 4 ug/L. PH-02, benzene was not detected (ND), toluene - <1 ug/L, ethylbenzene - ND, xylenes - <1 ug/L. PH-03, benzene - ND, toluene - 1 ug/L, ethylbenzene - ND, xylenes - 2 ug/L.

FREIGHT CHARGES

Subject to Section 7 of the conditions, if the shipment is to be delivered to the consignee without recourse on the consignee, the consignee shall sign the following statement:
The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges.

Where the applicable tariff provisions specify a limitation of the carrier's liability, the carrier must disclose that limitation on the bill of lading. See 49 CFR 172.172. If there is no release or value declaration by the carrier, the shipper does not declare a value or release the carrier's liability, and liability shall be limited to the extent provided by 49 CFR 172.172. California interstate shipments must comply with NMFC item 173.

Subject to Section 7 of the conditions of the bill of lading, the shipper is to be delivered to the consignee without recourse on the terms of the bill of lading. The consignee shall sign the following statement:

(Signature of Consignee)

NOTE — Where the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property. The agreed or declared value of the property is hereby specifically stated by the shipper to be not exceeding \$ _____ Per _____

RECEIVED subject to the classifications and lawfully filed tariffs in effect on the date of issue of this Bill of Lading, the property described above is apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated above, which said carrier (the word carrier being understood throughout this bill of lading to mean the carrier named herein) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed as to each carrier of all or any of said property over all or any portion of said route to destination and as to each party at any time interested in all or any said property, that every service to be performed hereunder shall be subject to all the bill of lading terms and conditions in the governing classification on the date of shipment. Shipper hereby certifies that he is familiar with all the bill of lading terms and conditions in the governing classification and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

This is to certify that the above-named materials are properly classified, described, packaged, marked and labeled in accordance with applicable regulations of the Department of Transportation.

Subject to Section 7 of the conditions, if this shipment is to be delivered to the consignee without removal on the bill of lading, the consignee shall sign the following statement:

(The carrier shall not be liable for any loss or damage to the goods if the consignee does not sign the statement.)

(Signature of Consignee)

NOTE — Where the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property. The agreed or declared value of the property is hereby specifically stated by the shipper to be not exceeding \$ _____ Per _____

RECEIVED, subject to the classifications and lawfully filed tariffs in effect on the date of issue of this Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed as to each carrier of all or any of said property over all or any portion of said route to destination and as to each party at any time interested in all or any said property, that every service to be performed hereunder shall be subject to all the bill of lading terms and conditions in effect at the time of issue of this bill of lading. The shipper hereby certifies that he is familiar with all the bill of lading terms and conditions in the governing classification and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

This is to certify that the above named materials are property classified, described, packaged, marked and labeled and are in proper condition for transportation according to the applicable regulations of the Department of Transportation

Subject to Section 7 of the conditions, if the shipment is to be delivered to the consignee without receipt on the shipper's bill of lading, the shipper shall sign the following statement: (Department of Commerce)

The carrier shall be responsible for the delivery of the property to the consignee at the place of destination and shall be liable for any loss or damage to the property during transit.

RECEIVED, subject to the classifications and lawfully filed tariffs in effect on the date of issue of this Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed as to each carrier of all or part of the property that the carrier shall be responsible for the delivery of the property to the consignee at the place of destination and shall be liable for any loss or damage to the property during transit.

Shipper hereby certifies that he is familiar with all the bill of lading terms and conditions in the governing classification and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

This is to certify that the above named materials are properly classified, described, packaged, marked and labeled and are in proper condition for transportation according to the applicable regulations of the Department of Transportation.

RECEIVED, subject to the classifications and lawfully filed tariffs in effect on the date of issue of this Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and delivered as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to deliver to the consignee at the destination, it on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed as to each carrier of all or any portion of said route to deliver to the consignee at the destination, it on its route, otherwise to deliver to another carrier on the route to said destination. The carrier shall be responsible for the safekeeping of the property during its transit. The shipper hereby certifies that he is familiar with all the bill of lading terms and conditions in the governing classification and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

This is to certify that the above named materials are properly classified, described, packaged, marked and labeled and are in proper condition for transportation according to the applicable regulations of the Department of Transportation.

RECEIVED, subject to the classifications and lawfully filed tariffs in effect on the date of issue of this Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed as to each carrier of all or any of said property over all or any portion of said route to destination and as to each party at any time interested in all or any said property, that every service to be performed hereunder shall be subject to all the bill of lading terms and conditions in the governing classification on the date of shipment. The shipper certifies that he is familiar with all the bill of lading terms and conditions in the governing classification and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

This is to certify that the above named materials are properly classified, described, packaged, marked and labeled and are in proper condition for transportation according to the applicable regulations of the Department of Transportation.

D = duplicate analysis.

QC = quality control.

ug/L = micrograms of compound detected per liter of soil or groundwater vapor analyzed.

ND = not detected at the lower quantifiable limit indicated in parenthesis.

N/A = not applicable.

MS = matrix spike.
