**RE: SITE REMEDIATION  
BISTI CRUDE STATION  
SAN JUAN COUNTY, NEW MEXICO**

Dear Mr. Hawley:

The New Mexico Oil Conservation Division (OCD) has completed a review of Gary Williams Energy's (GWE) December 8, 1995 "REQUEST FOR CLOSURE, BISTI STATION" and November 2, - November 29, 1995 "VOLUNTARY CLEAN-UP OF CRUDE OIL TRANSFER FACILITY, BISTI STATION SITE" which were received by the OCD on December 18, 1995. These documents contain the results of GWE's investigation and remediation of soil contamination related to the GWE's Bisti Crude Station.

The investigation/remedial actions as contained in the above referenced documents are approved.

Please be advised that OCD approval does not relieve GWE of liability should remaining contaminants pose a future threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve GWE of responsibility for compliance with any other federal, state or local laws and/or regulations.

If you have any questions, please contact me at (505) 827-7154.

Sincerely,

William C. Olson  
Hydrogeologist  
Environmental Bureau
