Secretary
New Mexico Oil Conservation Commission
Santa Fe, New Mexico

Dear Sir:

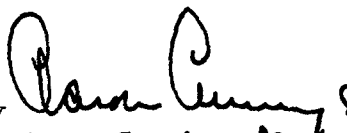

The R. Olsen Oil Company requests approval for an unorthodox proration unit of 160 acres on its proposed C. Myers #2 to be located 660 feet North of the South line and 990 feet East of the West line of Section 5-24S-37E, Lea County, New Mexico. Subject well to be dually completed in the Yates gas zone and Queen oil zone.

The R. Olsen Oil Company warrants that the non-standard gas proration unit consists of a contiguous quarter section lying wholly within a governmental section and further warrants that the non-standard gas proration unit is reasonably presumed to be productive of gas and that the length or width of said unit does not exceed 5280 feet.

By copy of this letter all offset operators within Section 5 and within 1500 feet of subject well have been notified of the company's request for an unorthodox proration unit.

Yours very truly,

R. OLSEN OIL COMPANY
