Latitude ~~36~~ **36.7776** Longitude **-107.71743** NAD 83 in decimal degrees to 5 decimal places)

Site Name Howell M#1	Site Type Natural Gas Gathering Pipeline
Date Release Discovered: 03/23/2020	Serial # (if applicable) N/A

Unit Letter	Section	Township	Range	County
N	30	30N	8W	San Juan

Surface Owner: State Federal Tribal Private (Name: **BLM**)

Nature and Volume of Release

Material(s) Released (Select all that apply and attach calculations or specific justification for the volumes provided below)

<input type="checkbox"/> Crude Oil	Volume Released (bbls)	Volume Recovered (bbls)
<input type="checkbox"/> Produced Water	Volume Released (bbls)	Volume Recovered (bbls)
	Is the concentration of dissolved chloride in the produced water >10,000 mg/l?	<input type="checkbox"/> Yes <input type="checkbox"/> No
<input checked="" type="checkbox"/> Condensate	Volume Released (bbls): Unknown	Volume Recovered (bbls): None
<input checked="" type="checkbox"/> Natural Gas	Volume Released (Mcf): Unknown	Volume Recovered (Mcf): None
<input type="checkbox"/> Other (describe)	Volume/Weight Released (provide units)	Volume/Weight Recovered (provide units)

Cause of Release: On March 23, 2020, Enterprise was notified by a producer that the meter tube on the Howell M#1 was damaged. The producer shut in the well. Enterprise dispatched technicians to remove the meter tube from service. The damaged meter tube was a result of someone driving over it with a vehicle. An area of approximately 40 feet in diameter was impacted by released fluids. In addition, fluids ran down hill to the southwest toward a wash, but did not enter the wash. No standing fluids were observed on site. A third party corrective action report will be submitted with the "Final C-141."
