Marvin,

The OCD has approved the Remediation Plan for incident # nCH1836256201 with the following condition:

- Confirmatory soil samples will be collected from the release area on the road. One of these samples needs to be near the point of release.
- If any confirmatory sample exceeds the established closure criteria, additional excavation will take place.

The signed C-141 can be found in the online image data base under the incident

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
