A plugging program will be designed for you by this office upon receipt of your electric logs. This office will require a 24 hour notice before plugging operations begin as O.C.D. personnel will witness the plugging of the open-hole section of the well.

This office anticipates that this work will begin within thirty days. Should you have any questions pertaining to this matter, please contact me at this office.

Sincerely,

A handwritten signature in cursive script that reads "Roy E. Johnson". The signature is written in dark ink and is positioned above the typed name.
