Re: Your File JLW-495-LF
State of New Mexico Lease LG-1558

Attn: Mr. J. R. Barrett
Division Production Manager

Gentlemen:

This is reference to the Bravo Dome CO₂ Well 1836-161-F completed as a dry hole on Amerada Hess oil and gas lease. Mr. Roderick F. Rock, Jr., is leasing the State owned surface where this well is located.

Since Mr. Rock has requested this wellbore for use as a fresh water source well, the State hereby relinquishes its right to the wellbore and casing as provided in Paragraph 10 of the subject oil and gas lease. If there is any question as to compensation for the casing left in the wellbore, we expect that matter to be settled with Mr. Rock.

Your letter proposed to plug back to approximately 630' and assign it to Mr. Rock. Enclosed herewith is an "Affidavit of Responsibility" which must be executed by both Amoco, as operator and Mr. Rock as lessee-landowner. Three (3) original executed copies must be filed with the New Mexico Oil Conservation Division, P. O. Box 2088, Santa Fe, New Mexico 87504-2088 and two (2) zerox copies should be sent to the State Land Office, Attn: Ray Graham, P. O. Box 1148, Santa Fe, New Mexico 87504-1148 in order to complete our files on this well.

Very truly yours,

Jim Baca
Commissioner of Public Lands
