Stephens & Johnson Operating

Mobil 22 Federal #6
Section 22, T26E, R29E
Eddy County, New Mexico
32.65456 104.15868

Mike and Jennifer,
Tetra Tech will be in the area tomorrow (3-20-14) to assess the spill area on the pad. Soil samples will be collected with a hand auger to define the spill extents. If the impacted areas are defined, work plan will be prepared for your review and your approval. If you have any questions please call me, thanks
