RE: Linn Energy * Skelly Unit 085 * 30-015-05422 * B-27-17s-31e * Eddy County, New Mexico
NMOCD Tracking Number: **2RP-2196** * Date of release: 1/24/14

Natalie,

Your proposal for remediation of the above referenced release is approved. OCD would prefer Option 2, to have the liner set at the 4' bgs interval.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, please contact me.
