Leslie and Johnny,

Your proposed work plan is approved as written. Please provide a confirmation sample in the hand dug area so we know what, if any, contamination is left in place. A field sample will suffice.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
