Importance: High

All,

Please see the attached work plan for the Lime Rock Kite 5I Fed #4 water transfer line release. This release did not occur on the Kite 5I location, it was just north country road 227 in the pasture. All of the specifics of the location are laid out in the work plan. The impacted area has already been scrapped to prevent the impacts from running off if it rains. Please let me know if you have any questions or concerns.

Respectfully,

Sheldon L. Hitchcock
