NATURE OF RELEASE													
Type of Release: Produced Water						Volume of Release: Volume Reco					overed:		
Source of Release: Flowline						Date and Hour of Occurrence: Date and Hour of Discovery: 12/2/2014 3:27 pm Date and Hour of Discovery: 12/2/2014 3:27 pm							
Was Immediate Notice Given?						If YES, To Whom?							
☐ Yes ☐ No ☐ Not Required						Mike Bratcher – NMOCD							
By Whom? Amanda Trujillo						Date and Hour: 12/3/2014 3:00 pm							
Was a Watercourse Reached? ☐ Yes ☒ No						If YES, Volume Impacting the Watercourse.							
If a Watercourse was Impacted, Describe Fully.*													
The state of the s													
Describe Cause of Problem and Remedial Action Taken.* The release was caused by a split in a poly flowline. The line was fused back together.													
The release was caused by a spire in a poly nownine. The fine was fused back together.													
Describe Area	a Affected a	and Cleanup A	ction Tak	en.*									
	Describe Area Affected and Cleanup Action Taken.* The impacted area is approximately 600'x20' to SE of the location off the edge of the battery. Concho had the spill site sampled to delineate any possible												
The impacted	area is app	roximately 609 elease and nre	0'x20' to sented a r	SE of the location off emediation work plan	the o	edge of the ba	attery. Concho had	d the sp	oill site samp	oled to delir	ieate ar	y possible	
contamination from the release and presented a remediation work plan to the NMOCD for approval prior to any significant remediation work.													
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger													
public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability													
should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health													
or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
