Mr. McNeill,

The remediation proposal submitted to OCD for the above referenced release is approved. The proposal, dated March 27, 2014 was submitted to OCD electronically on April 2, 2014. Please notify the OCD District 2 office prior to commencement of remedial activities, and, in the event proposed excavation depths are not achieved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
