Crissy,

Consider this BLM's like approval for the additional delineation of the site. Advise when ready to delineate further, we will make every effort to be on site. But, don't hold up work waiting for us. thanks

Ms. Forrest,

Your proposal for additional delineation at this site is approved. Please advise once the borings have been scheduled. Remedial activities at Federal sites will require like approval by BLM.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
