**RE: COG \* Western Hawk State Com #1 \* 30-015-33400 \* 2RP-2647**

Lupe,

This closure request is approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Lupe,

Your proposed work plan is approved. During excavation, please extend your chloride delineation in an attempt to reach the delineation goal of 250mg/kg.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
