The BLM accepts/approves your work proposal.

The BLM approval/acceptance does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

Shelly J Tucker

Mr. Bratcher/Mr. Patterson/Ms. Tucker,

Attached for your consideration is a work plan for the Electra Federal 33 Tank Battery (30-015-36468). In looking through our records, it was discovered that the BLM was overlooked during the initial notification. I have attached a copy of the initial C-141 submitted to the NMOCD. Please free to contact me with any questions or concerns.

Thanks!
