**Attachments:** Barclay Federal 20 Amended CAP 073014.pdf

Mike, Jeff,

Attached is the amended corrective action plan for the Barclay Federal 20 flowline spill for LINN energy. The site has been excavated to a depth of 6' and has two flowlines running through it along with a high pressure gas line. At this time LINN would like to submit this corrective action plan for your approval. If you have any questions please feel free to contact me. Thank you.
