Ms. Matthews,

Your closure request has been approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns please contact me.

Good Morning Heather,

Please find the attached pictures and C-141 per your request. I apologize that it took a while as there has been an abundance of rain in this area and we wanted it to dry out some prior to taking pictures.

Please let me know if you need anything else.

Thank you,

Mitzi Matthews
