## NATURE OF RELEASE

Type of Release	<i>Natural Gas, Pipeline Liquids</i>	Volume of Release: <i>251 MCF, 7 BBL Liquids</i>	Volume Recovered: <i>N/A</i>
Source of Release	<i>Pipeline Leak.</i>	Date and Hour of Occurrence <i>03/11/2015 @ 19:10 MDT</i>	Date and Hour of Discovery <i>03/11/2015 @ 19:10 MDT</i>
Was Immediate Notice Given?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not Required	If YES, To Whom?	
By Whom?		Date and Hour	
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	
If a Watercourse was Impacted, Describe Fully.*			
Describe Cause of Problem and Remedial Action Taken.*			
<i>Pipeline leak was detected by an Enterprise technician. Pipeline segment was isolated and blown down, and leaking portion was repaired.</i>			
Describe Area Affected and Cleanup Action Taken.*			
<i>Liquid spill occurred within pipeline ROW. Operations personnel originally estimated approximately 1 bbl pipeline liquids spilled to the ground within pipeline right-of-way. After further investigation and excavation, it was determined that the liquid spill volume was approximately 7 bbl pipeline liquids; updated C-141 was submitted June 30, 2015. Excavation of contaminated soils was performed and subsequent soil sampling results demonstrate pollutant concentrations are below NMOCD remediation levels. Excavation has been backfilled and contaminated soil was disposed to an approved landfill.</i>			

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
