The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Heather

Attached is the revised copy of the CAP for the NSLU #100 location. Once again, sorry for the confusion. Please let us know if you have any questions or concerns.

Thanks,

Tim McMinn

Heather

Sorry for the confusion. There were two releases at that site, in the same area. We will edit the CAP and resend. Have a good day.

Thanks,

Tim McMinn

**Subject:** RE: CAP- 2RP-3281- Memorial NSLU #100

Tim,

I'm a little confused about this release. We have two releases at this site that are only a few days apart and are very similar. I've attached the C-141's. Your work plan lists 2RP-3281, but has the details of 2RP-3264.

Can you and Heather review these and make sure a) there are truly two separate spills, not one that was reported twice, and b) if there are two separate spills, which one your work plan covers (if not both).

That said, this CAP is approved as written. Please send confirmation samples to OCD for approval prior to closure request.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Good Morning,

Attached is the corrective action plan for the release on Memorial's NSLU 100 that occurred on 9/14/15. Let me know if you have any questions or concerns. Have a good weekend!

Thanks,

Tim McMinn
