Audra,

The C-141 will work but I need all the analytical data from the lab, and if anyone has it, a site diagram showing where the samples were taken in relation to the spill area.

Thanks,

Good morning Mike,

We had an incident on April 25, 2014. We are playing phone tag on this. I am sending you hopefully the right form, I filled out the best I could and I hope this is the right one. Please call me or Jerry on this. We are having problems with the land owner and the company that caused the spill. Also do I need to add a letter of explanation on what's going on with this.

Thank you
