2RP-3234 \* Date of release: 8/11/2015

Dakota,

Your proposal for remediation of the above referenced release is approved. Please wait a minimum of thirty days after the last application of Microblaze to obtain samples. Federal sites will require like approval from BLM.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
