Attachments: bob 091 - Copy.JPG; C 141 (Initial) J L Keel B 22.doc; Hot area sketch.png; Initial SP record.xls; SP Picture.png

Here is what I have. I have enclosed a sketch of the location with distances marked where I thought they might be handy. I have enclosed field samples but as of today, I have no lab results. If you need anything else please let me know and I will get it. Thank you so much for considering this location.

May Your Day Be Blessed
