system by installing additional pump failure @ tank battery. Improve storage and possibly high tank level alarms.

Describe Area Affected and Cleanup Action Taken.*

very sandy and poor vegetation

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Re: Poker Lake Unit 213 P-18-24s-30e API: 30-015-33859

The New Mexico Oil Conservation Division District II Office (NMOCD) is in receipt of an Initial Report C-141 reporting a produced fluids release that occurred on 11/26/2005 at or near the above referenced well site.

Please submit a Corrective Action Work Plan to this office for correction/remediation of this release. Please use the "Guidelines For Remediation of Leaks, Spills, and Releases" as your guide.

This document may be found on the NMOCD web site: www.emnrd.state.nm.us/ocd, under Publications/Environmental Handbook/Miscellaneous Guidelines/Spill Prevention Clean up.

The work plan presented to the NMOCD must include general site characteristics, site ranking score, soil remediation action levels, soil remediation methods, and planned analytical testing for TPH, B-TEX, Chlorides or any other CoCs as applicable.

A Final Report Form C-141 is required to be submitted upon satisfactory completion of project, and must include a report of remediation actions taken with final confirmation sample analysis results attached.

Like approval by BLM required if applicable.

Please have the requested work plan in the Artesia office on or before January 12, 2006. The NMOCD District II Office must be notified 24 hours prior to commencement of remediation actions and 24 hours prior to samples being obtained where analysis of such samples are to be submitted to the NMOCD.

In the event that a satisfactory response is not received to this letter further enforcement will occur. Such enforcement may include this office applying to the Division for an order summoning you to a hearing before a Division Examiner in Santa Fe. Such a hearing may result in imposition of **CIVIL PENALTIES** for your violation of NMOCD rules.

If I can be of assistance in this matter, my contact information is listed below.

Sincerely,

Mike Bratcher
