RE: Limerock Resources * West Redlake Water Station * 30-015-28443 * 2RP-3445 * 11/27/2015 release

Kim,

Your proposed work plan for the above listed location is approved. Like approval by BLM is required for this site.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Subject: W RedLake Water Station #1

Heather and Mike,

Attached please find the revised work plan per our meeting on March 15, 2015. If you have any questions or concerns please contacted me.

Our office has made the OneCall, we'll begin moving equipment tomorrow and start remediation activities Thursday morning. Please let me know if there is a problem with this timeline. Thank you.

Respectfully,

Kimberly M. Wilson
