RE: Snapping 2 State #6H \* 30-015-29157 \* DOR: 11/24/2014 \* 2RP-2686

Kimberly,

Your proposed work plan is approved for sections S1 through S3. Please advise if proposed excavation depths are not achieved. Further delineation for S4 is also approved. The OCD must review S4 delineation and approve excavation depths before excavation is to occur.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson
