**Subject:** RE: Proposed work plan, Legacy State CF 5 Battery

Good Morning, David,

NMSLO requires our surface restoration plan which includes noxious weed monitoring/mitigation as well as re-vegetation monitoring to be included in work plan submittals. Please update your work plan to include this.

Also, I would like to inquire as to your reasoning behind not testing for chlorides during the delineation process as this is an SWD facility?

Thank you,

### Amber Groves
