Chase,

NMSLO agrees with site closure.

Please be advised that you may remove Ian Dolly and Mathew Hagman from your e-mail list as they are no longer with NMSLO. You may also remove Dana and Mark from your notification list, as they have full access to my spreadsheet that breaks down each release, work plan and closure report.

Thank you,

Amber Groves

Chase,

Your request for closure of the above referenced release is approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, please contact me.
