Cliff,

Your proposal for remediation of the above referenced release is approved. You may proceed on your schedule.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, please contact me.

**Subject:** COG VT 36 State #001H - Remediation Plan

Mike and Amber,

This e-mail is to confirm our discussion concerning the remediation plan for the COG VT 36 State #001H release. I have attached the information packet that we used in our discussion with a cover page describing the remediation plan that we agreed upon.

COG and I appreciate the both of you rushing this acceptance of the plan due to the pipeline installation project. Amber, as we discussed, I will get you a revegetation plan for this site later.

If you would please reply via e-mail with your concurrence on this plan, it would be greatly appreciated.

Thanks, Cliff
