Bob,

Can you provide a diagram of what is proposed to be, or has been, excavated, vs impacted material that will be left behind due to the 4' no dig policy? I am a little unclear on that aspect of this proposal. Also, this is Federal surface and will require review/approval by BLM as well as OCD.

Thank you,

I have attached, per Bob Allen (SESI), the proposed work plan for the Holly Energy Partners Barnsdall Pipeline. Please let us know if you have any questions.
