RE: Holly Energy Partners * Barnsdall Line * **2RP-4020** * DOR: UNK – Discovered 11/17/16

Bob,

Your revised remediation proposal for the above referenced release is approved. With BLM approval, please proceed on your schedule.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Thank you,

Mike Bratcher
