Mike,

This is correct. We finished collecting samples yesterday. The only deviation were to two (2) locations outside spill that were moved due to electrical utilities and liner.

RE: XTO * 2RP-3976

Mark,

My understanding is the work described in this report has already been done, correct?

Thanks,

Mike,

Please find attached Delineation Plan for the XTO Energy Nash Draw CTB crude oil spill (2RP-3976). The investigation was performed on March 13 – 14, 2017. A remediation plan will be forthcoming following receipt of the laboratory report. Please contact Dudley McMinn with XTO Energy, Inc., at (432) 682-8873 or Dudley_McMinn@xtoenergy.com or me if you have questions.

Respectfully,
