Cliff,

Your proposal for remediation of the above referenced release is approved. Please advise once remedial activities have been scheduled. Federal sites will require like approval from BLM.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Mike,

I have attached a Delineation and remediation packet for the COG Spruce Goose Fed Com #2H that I told you I would send. If you would please review and give me a call to discuss if needed. If this meets with your approval, a return email approving the remediation would be greatly appreciated.

Thanks, Cliff
