RE: Linn Energy \* Turner A Battery \* 2RP-4018 \* DOR: 11/7/16

Mike,

Your proposal for remediation of the above referenced release is approved. As discussed, it is OCD's understanding that excavated material will be hauled to Lea Land for disposal. Federal sites will require like approval from BLM.

If you have any questions or concerns, and for notification, please contact me.

Thanks,

Mike Bratcher  
NMOCD District 2  
811 S. First St.  
Artesia NM 88210  
575-748-1283 Ext 108  
mike.bratcher@state.nm.us

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

**Subject:** Linn Turner A battery work plan

Mike and Crystal,

Have you had a chance to review this work plan? Linn is in a push to cleanup all their backlog spills. We have several work plans out but hardly any approvals. I know you guys are busy but any help here would be greatly appreciated. Thank you.
