RE: Vanguard Op * Pathfinder AFT St 11 * 2RP-4086 * DOR 1/17/17

Chuck,

Going back through older email, I don't see that OCD ever responded to this remediation proposal. I apologize for the delay. Assuming the proposal is still relevant, OCD does approve the proposal.

If you have any questions or concerns, please contact me.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
