Bruce,

NMSLO will agree with NMOCD that remediation has been met. This site will not be fully closed with SLO until desired vegetation has been achieved. Apache can submit photos and ask for closure at any time from NMSLO.

Thank you,

Bruce,

Sorry for a late response on this one. OCD approves the closure request, submitted by ARCADIS, for the above referenced release. This release impacted Federal and State surface.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
