Mike

For your review, attached is a map displaying the proposed locations for two additional auger holes labeled Proposed AH 9 and Proposed AH 10 at which further delineation will be performed prior to remediation. I look forward to your response. Thanks, Mike.

Geoff,

The delineation needs to be done up front. OCD wants to migrate towards the attached COA document.

Mike

May I do further delineation on the pad and at the well head at the time of excavation. Thank you.
