RE: OXY USA * Goodnight 27 Fed 2H * 2RP-3948 * DOR: 10/12/16

Cliff,

Your proposal for remediation of the above referenced release is approved. OCD requests confirmation samples be obtained due to submitted sample data being almost one year old. Federal sites will require like approval from BLM. Please advise once remedial activities have been scheduled.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike and Shelly,

Please find the attached Delineation Workplan and remediation proposal for the OXY Goodnight 27 Federal #002H (2RP-3948). OXY is requesting that you review this plan and is looking forward to both the OCD's and BLM's approval. Mike, this plan is one we discussed recently.

If you have any questions, please let me know.

Thanks, Cliff
