Subject: RE: 2RP-4322 Release Characterization Report and Remediation Work Plan

Good Afternoon,

NMSLO agrees with NMOCD on site deferral and another similar delineation to be done in September 2018. Also, please keep me copied on all submissions that are on State Trust Land.

Thank you,

Amber Groves

Subject: RE: 2RP-4322 Release Characterization Report and Remediation Work Plan

RE: Southwest Royalties * Pogo 36 St 1 * 2RP-4322 * DOR: Discovered 6/25/17

Mr. Pennington,

Your request for deferral of remediation until site closure, or access is available, for the above referenced release is approved. Based on the delineation results, OCD requests another similar delineation be performed in September of 2018, with the results presented to OCD for review. Notations will be made in OCD database and OCD Online database referencing the open environmental/contamination issue at this site.

Mike Bratcher
NMOCD District 2
811 South First Street
Artesia, NM 88210
575-748-1283 Ext 108

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
