Nick,

I had been talking with John Turner this morning. To my knowledge, OCD has never worked with the contractor that was employed to do the most recent work plan on Onsurez #2 (at least not in District II Office) so I had some questions for John about the write up on it and as I mention below I needed to get with him on the concerns Mr. Onsurez had regarding fencing.

Other than that we shall take it day by day and hopefully at some point soon all parties will end up content with the resolutions of this matter.

Hope all is well for you too. Enjoy the holiday.

Thanks for follow up,

Crystal Weaver

Thanks Crystal. I wanted to drop you note to see if things had been going better? I hope you and yours have a great Thanksgiving.

RE: Rockcliff Op NM * Onsurez 2 * 2RP-4255 * DOR: 6/3/17 * 30-015-26472

Hello John,

I have shared this work plan with Bradford Billings in our Santa Fe office so that he has the opportunity to give me his input on the document. When each of us have made our assessment I will thus get a response out to you all on this one. As for my request I discussed with you on the phone this morning. I spoke to Mr. Onsurez this morning and he is in need of some secure fencing around this entire pad location so that he may release his livestock and horses to move about upon his property. Please make the accommodation of this request a top priority and as it stands I need to get a response back to Mr. Onsurez on when Rockcliff can and will fulfill this request, so can you please report to me that information, as a written response to this email, so that I may in turn relay to Mr. Onsurez a timeframe.

Thank you,

Crystal Weaver

Please find attached the Release Characterization Work Plan (the Work Plan) for the release that occurred at the Onsurez #2 on 6/3/17. The Work Plan will address the horizontal and vertical delineation that the NMOCD has requested. In addition, the report that will be submitted after delineation is complete will address any outstanding questions that have been asked by NMOCD. I would like to briefly discuss the Work Plan with you, Mr. Bratcher and Dusty Henderson, who is the C&S project manager for this Work Plan to make sure you are in agreement prior to beginning work. Please let me know when you are available to discuss, after you have had a chance to review.

Thank you,

John Turner
